

**Product Features**

- Non-porous ✓
- High Scratch & Chip Resistance ✓
- High Abrasion Resistance ✓
- High Resistance to Staining ✓
- High Flexural Strength ✓
- High Resistance to Acid ✓

**The Ultimate in Stone Technology and Sophistication**

The Quantum Quartz manufacturing process is renowned worldwide and contains more than 93% natural quartz, 7% combined bonding agent, special additives and pigments, making it an extremely hard wearing, practical and highly versatile surface.

Quantum Quartz benchtops and floors reflect the modern style and trend that leading architects and designers prefer. With high abrasion resistance, strength and durability.

Quantum Quartz is the ideal low maintenance, hygienic choice for all interior applications.

Quantum Quartz looks great and with its sleek lines and finishes you can be assured many years of lasting beauty and style that you would expect and appreciate of such a highly reputable product.

Quantum Quartz surfaces are of the highest quality and offer a 10 Year Limited Warranty.

**Benchtop Detail**
